-- See Joe's note at Tab C regarding developments on Central America, SSCI breakfast, HPSCI, etc.

[Redacted]

25X1

-- A PFIAB task force has asked Gates to brief them on the Agency's analysis of Soviet political issues on 10 May; the full Board meets on 11 May.

[Redacted]

25X1

-- [Redacted] spoke to the Vice President, who called trying to be helpful arranging burials at Arlington Cemetery. I understand it now looks promising for those who have asked.

25X1

-- [redacted] forwarded to DCI a proposal to delegate to [redacted] the authority to approve allocation of funds for the purchase, lease, etc., of Agency property.

25X1

-- [redacted] speech to the Security people seemed to go well.

25X1

-- Rodino, Chairman of the Judiciary Committee, asked the DCI to reconsider the decision not to have an Agency representative testify before a couple of subcommittees on the polygraph and prepublication review. We seem to have declined because we had already testified on these subjects before HPSCI.

Friday, 22 April

[redacted]

25X1

-- Today's Wall Street Journal carried article submitted by Casey (summary of Gates' piece).

-- President approved NSDD-90, United States Arctic Policy: We will protect our interests there and do good things -- scientific research, etc.

[redacted]

25X1

[redacted]

25X1

-- Vessey invited the DCI and Agency representatives [redacted] [redacted] to participate in OMEGA-83, 23-27 May. This is a simulation exercise of a terrorist attack against a nuclear plant. If we are serious about emergency planning and had a good person or two involved, I would think one of them might also be an appropriate representative. DDI has action on this.

-- Another nice condolence note for Ames from

25X1

-- Pete Aldridge advised the DCI and SecDef that the Air Force supports the Space Shuttle European tour given Air Force involvement in planning and pending CIA concurrence. In anticipation of a request for the latter, DDI/DDO have been asked to provide you a "threat assessment." Just seems like a dumb thing to do.

-- Pete, having heard about efforts to relax a classification of the fact of satellite reconnaissance, in the wake of Turner's book, urges you not to do so and would like to discuss with you.
